

Pre-Calculus LP Week of 01-29-2023

Monday 01-30-2023

- 1) Correct 2.5
- 2) Classwork 2.5

Tuesday 01-31-2023

- 1) Lesson 2.6 LT: Find domains of rational functions. Find vertical and horizontal asymptotes of graphs of rational functions. Use rational functions to solve real-life problems.
- 2) HW: Page 175 (Problems 10 – 22 evens)

Wednesday 02-01-2023

- 1) Lesson 2.6 LT: Find domains of rational functions. Find vertical and horizontal asymptotes of graphs of rational functions. Use rational functions to solve real-life problems.
- 2) HW: Page 175 (Problems 24 - 36 evens)

Thursday 02-02-2023

- 1) Lesson 2.6 LT: Find domains of rational functions. Find vertical and horizontal asymptotes of graphs of rational functions. Use rational functions to solve real-life problems.
- 2) HW: Page 176 (Problems 44 – 60 evens)

Friday 02-03-2023

- 1) Assembly
