Pre-Calculus LP Week of 03-19-2023

Monday 03-20-2023

1) Correct 3.2
2) CW 3.2

Tuesday 03-21-2023

1) Lesson 3.3 LT: Use the change of base formula to rewrite and evaluate logarithmic expressions. Use properties of logarithms to evaluate and rewrite logarithmic expressions. Use properties of logarithms to expand or condense logarithmic expressions. Use logarithmic functions to model and solve real-life problems.
2) HW: Page 223 (Problems 6 – 32 evens)

Wednesday 03-22-2023

1) Correct 3.3 day 1
2) Lesson 3.3 LT: Use the change of base formula to rewrite and evaluate logarithmic expressions. Use properties of logarithms to evaluate and rewrite logarithmic expressions. Use properties of logarithms to expand or condense logarithmic expressions. Use logarithmic functions to model and solve real-life problems.
3) HW: Page 223 (Problems 34 – 60 evens)

Thursday 03-23-2023

1) Correct 3.3 day 2
2) Show expanding and contracting examples.

Friday 03-24-2023

1) NO SCHOOL
2) SPRING BREAK!!!!
