

Pre-Calculus LP Week of 04-09-2023

Monday 04-10-2023

- 1) Review System of Equations Word Problems

Tuesday 04-11-2023

- 1) Lesson 3.4 LT: Solve simple exponential and logarithmic equations. Solve more complicated exponential equations. Solve more complicated logarithmic equations. Use exponential and logarithmic equations to model and solve real-life problems.
- 2) HW: Page 233 (Problems 8 – 36 evens)

Wednesday 04-12-2023

- 1) SAT

Thursday 04-13-2023

- 1) Lesson 3.4 LT: Solve simple exponential and logarithmic equations. Solve more complicated exponential equations. Solve more complicated logarithmic equations. Use exponential and logarithmic equations to model and solve real-life problems.
- 2) HW: Page 233 (Problems 38-56 evens)

Friday 04-14-2023

- 1) Chapter 3.4
- 2) Classwork 3.4
